

## LIVESTOCK INSPECTION DIGITAL PHOTOGRAPH PHOTOCOPIES

Photo # 001  
Date: February 20, 2013  
Time: 10:43 a.m.  
Taken By: Brian Rodely DWPC/FOS  
Facility: Maschhoff New Minden  
Location: North Barn Face SW  
Notes: Red arrows show the paths  
of the whey feed and fresh  
water to the southwest  
corner of the limestone lot.  
The yellow arrow shows  
the backfilled temporary pit  
used to collect the flush  
water and pump to the  
building manure pits for  
future land application.

Photo # 002  
Date: February 20, 2013  
Time: 10:43 a.m.  
Taken By: Brian Rodely DWPC/FOS  
Facility: Maschhoff New Minden  
Location: SW Lot Face NE  
Notes: The general path of the  
whey feed and flush water  
is shown with the red arrow  
across the limestone lot.  
The yellow arrow shows  
the backfilled temporary pit  
where the flush water was  
collected and pumped into  
the building manure pit.
